

Environmental Policy

We care for the environment and are committed to respecting and protecting it.

We shall conduct our business in a manner which:

- Complies with all environmental legislation and regulations.
- Promotes environmental awareness among our employees, patients and customers.
- Uses safe technologies and operational practices to minimize our impact on the environment.
- Seeks continuous improvement through the measurement of environmental plans and implementation of sustainable development programs.

A handwritten signature in black ink, appearing to read "Franck Virey".
