

Our Mission

We will provide quality healthcare products and services to the clients we are privileged to serve, in the hospital or at home. Our dedication and innovation support the highest standards of excellence and we commit to:

- Care for our patients and customers out of a genuine desire to meet their needs.
- Use our talents, time and tangible resources to the best of our ability in performing our jobs.
- Constantly pursue continuous quality improvement through professional and personal development.
- Foster a culture where we respect and protect the safety of our employees, patients, customers and the environment.

A handwritten signature in black ink, appearing to read "Franck Virey".

Franck Virey
President and CEO

The world leader in gases for industry, health and the environment
